To whom it may concern

When we launched the Isuzu D-Max utility vehicle onto the NZ market in July 2010 we required the services of a signage partner who could give us value for money and deliver on their promises.

Hunter Signs have proven themselves as a trusted business partner and the job is always done on time and with the minimum of fuss.

As a 100% NZ owned vehicle distributor we also value and support other locally owned and operated businesses.

Hunter Signs are our primary signage supplier/installer and have delivered many challenging jobs for us (some with very little lead time)

Hunter Signs are professional, accurate, reliable and of a high quality, their quotes and deadlines are always adhered to and we always enjoy our dealings with them.”

Yours sincerely
