To Whom It May Concern

Last year the decision was made to rebrand our Electrical and Mechanical business which consists of 8 branches throughout New Zealand. During this process we engaged Hunter Signs as our Sign writer for all our buildings and it was definitely an excellent decision to do so.

From the moment we met with Ben he was very enthusiastic and proactive and immediately provided us with artwork and pricing for our Head Office in Auckland. Once this had been discussed and agreed upon he co-ordinated the same to be done at all our branches. Ben listened to what we wanted and provided the artwork and the finished product in an extremely timely and efficient manner.

Throughout the whole process Ben and his team were an absolute pleasure to deal with, nothing was too much trouble and Ben was always available to answer any queries that the branches had. The sign writing was one of the smoothest transitions we had during our rebranding and this was a testament to the professional manner in which Ben and his team carried out the project.

The project was finished on time and within budget thanks to Ben and his team and I would highly recommend Hunter Signs to anyone that would like excellent quality, excellent time management, brand integrity, competitive pricing and a company that listens.
